

Inside Out

Alphaville

Your hand full of hours - sand from the urns
A traveling companion - the secret of ferns
From darkness to darkness - where shall I begin
When whiteness attacked us - sewn under our skin
And there were the stars that helped to navigate our souls

With all my love
I went into the world
From inside out
And I gave it all to you
But I need your love
That was looking for me
Just on my lips look for your kiss

And always I think where we might have gone
If we'd never met inside this song
Our names are enciphered - but the words became true
When I was the sun and you, you were the moon
And there were the stars that helped to navigate our souls
