

## Much More

Alpine

One day I will know  
Something more  
One day I will watch  
It dissolve

Something more than what we want  
Something more than the drugs you take  
Something more than the beer I sip  
Oh hallelujah on my own

Can't feel  
Can't feel  
Can't see or touch  
Can't love  
Can't grasp  
It's more

One day I will touch  
Something more  
One day I will watch  
It dissolve

Something more than what we want  
Something more than the drugs you take  
Something more than the beer I sip  
Oh hallelujah on my own

Can't feel  
Can't feel  
Can't see or touch  
Can't love  
Can't grasp  
It's more

Oh hallelujah on my own

Can't feel  
Can't feel  
Can't see or touch  
Can't love  
Can't grasp  
It's more

Oh hallelujah on my own
