

Dirty Evil

ALSDEAD

The end of sweet emotion
kigentsuki no Sorrow
honne sura ienai you na jidai ni
dore dake tada inotta tokoro de
mirai wa kawaranai Hey wake up

We Live. To die. Life's the Devil's wall we climb
So climb to break our necks, but never ever ever win
Can't fall asleep at night. Rolling around in Sweet Misery
Pleading to call my own shots!!!!

motomete motomete te ni ireta mono ga zetsubou demo
fuan o kirisaku It's brand new day

Can't see without Light. Confused about what is right.
Politicians play the game a game for gain with people's lives
Dragged into jail, no sign of parole. their mistake, I'll be caught
Because justice can't be found.

midarete midarete sawagiatta hibi wa kegasarenai
tomaranai shoudou o
kasanete kasanete tsumiageta mono ga hikari o eru nara
gisei o osorenakutemo ii

Can't take a step back when the revolution time is now

Why..die..before you begin to live life with pride
Don't cry, the worlds a mess but We've made it this far somehow
