

# Let it be me

Alsou

Everybody needs someone to lean on  
Everybody needs someone to care for  
Everybody needs someone to hold on to  
Let me be the one  
Everybody needs a lover to rely on  
Everybody needs a shoulder to cry on  
Everybody needs someone to believe in too

So why are you afraid  
You're no different (you're no different)  
You're no different, than anybody else  
(Than anybody else)

You need  
Some real love, sweet memories  
You need  
Someone to feel crazy about  
(Let that)  
Someone sweep you off your feet  
Show you how deep love can be  
Let it be be

I can be the one you call when you're lonely  
I can be the one, your one and only  
Let me be the one  
I can be the one  
(I can be the one)

Everybody got something that they're hiding  
Everybody needs someone to confide in  
Everybody needs someone to hold on to  
So do you

So why are you afraid  
Baby, you're no different (you're no different)  
You're no different, than anybody else

You need  
Some real love, sweet memories  
You need  
Someone to feel crazy about  
(Let that)  
Someone sweep you off your feet  
Show you how deep love can be  
Let it be be

Love is a place we can belong to  
Searching for a heart to make our own

Sweet love, sweet memories  
Someone to feel crazy about  
Sweet love, sweet memories

Let me be the one (Let me be the one)  
I can be the one

You need, sweet love

You need  
Someone to feel crazy about

(Let that)  
Someone sweep you off your feet  
Show you how deep love can be

Let it be be

Let me the one  
Let it be be  
Let me the one

You need someone to feel crazy about

Someone sweep you off your feet  
Show you how deep love can be

Let it be be
