

Silent Divide

Alter Bridge

How long will you hold your tongue this time?
As your good name is tarnished by these blatant lies

The only way the truth will see the light
Is exposing guilty martyr of the sins he hides

Stop before it starts
Step aside don't play the part

Keep your
Head down
Ride out
The Silent Divide

One more accusation on display
Another tale of madness
Please don't take the bait

The devil in disguise is steeped in hate
Jealous of the truth he cannot bare to face so

Stop before it starts
Step aside don't play the part

Keep your
Head down
Ride out
The Silent Divide

There's no doubt
We'll phase out
The one who lies

Stop
Breathe
Think
Do not cross the line

Stay
Calm
Silence will decide

Wait
Watch
Remember rage is blind
Remember rage is blind

Keep
Head down
Ride out
The Silent Divide

There's no doubt
We'll phase out
The one who lies
