

## Another Lost Look

Altered Images

I know a place that nobody knows  
To that place I wanna go  
Could I be what I want to be?  
And just see who I want to see  
Could I be what I want to be?  
And just see who I want to see

You told a secret but not the truth  
You told a secret but not the truth  
Another lost look  
Another closed book  
You told a secret but not the truth  
You told a secret but not the truth to me

Faster faster I return  
To my space, I sneak in  
Can I tell you where it is?  
Unafraid that it would ruin my bliss  
Can I tell you where it is?  
Unafraid that it would ruin my bliss

You told a secret but not the truth to me  
To me

I know a place

I know a place that nobody knows
