Headlines

Altiyan Childs

I'm packin' up, headin' up to Monte Carlo
I left my cave, I'm in control
I'm driving fast but movin' too slow, ohh

I'm movin' on, headin' in a new direction
Don't matter if we make it or not
We'll always know we gave it a shot, oh yeah
I won't let forever pass me by

I don't need to be saved
And don't tell me I'm crazy
You can publish your lies
Here's the headline
I had the time of my life

The telephone, lonely on a broken highway
I call you with the radio on
We're laughin' cos they're playin' our song, ohh

I'm packin' up, I'll visit you in California
In my fast car painted yellow
Drop top foot to the floor
Take it all the way
Don't let forever pass you by

I don't need to be saved
And don't tell me I'm crazy
You can publish your lies
Here's the headline
I had the time of my life

Everybody's got a dream,
Impossible it might seem,
I'm comin' to tell you,
I had the time
I had the time of my life

Ooh, ooh, ooh, ooh, ooh...

I don't need to be saved
I'm just a little bit crazy
You can publish your lies
Here's the headline
I had the time of my life

Let's make a new memory
Tomorrow it might not be
I'm comin' to tell you
I had the time
You had the time
We had the time of my life
