

Wide Awake In a Dream

Ellis, Alton

Even though, you've touched my hand,
I can't believe you are real,
I can't believe the things I feel,

Heavy are, your lips on mine,
Don't let them leave leave no more,
Because I need them now, for sure,
Huh, I'm wide awake in a dream.

Wide awake in a dream looking at you,
Wide awake in a dream, the sound of music begins with the magic
you do,
Could it be, I've lost my mind,
How could I need need you so, honey,
Because I need need you so, so,

Wide awake in a dream,
Wide awake, I'm wide awake,
Oh, wow, wow, I'm wide awake in a dream, mmmm,

Heavy are, your lips on mine,
Don't let them leave leave no more, honey,
Because I need them now, for sure,
I'm wide awake in a dream.

Wide awake, I'm in a dream,
Oh, oh, oh ,oh, I'm wide awake in a dream,
Wow, wow
