

## Going Nowhere

Altons, The

Tryin' to get joy from the bottle?  
We gotta get it somewhere  
You know your life is wasting away?  
We all gotta die sometime  
How'd you get way past the summer?  
Who knows, some way some how  
Are you gonna call me when it's over?  
Who knows, some way some how

Please don't take my stash  
Leave it alone  
Please don't take my stash  
Leave it alone

It's time  
We are leaving  
Going nowhere  
Tell me why I'm losing my mind  
We are leaving  
Going nowhere  
Taking it just one step at a time

Tryin' to get joy from the bottle?  
We gotta get it somewhere  
You know your life is wasting away?  
We all gotta die sometime

Please don't take my stash  
Leave it alone  
Please don't take my stash  
Leave it alone

It's time  
You are leaving?  
Tell me why I'm losing my mind  
Going nowhere  
Taking it one at a time  
You are leaving?  
Tell me why I'm losing my mind
