

Gotcha

Altons, The

Yeah I got you baby like a knife to the side
Yeah I got you baby like a knife to the side
Must have done something wrong having you by my side
Must have done something wrong

Yeah I got you baby like a knife to the side
A dance with the devil at best
Worst of all I know the steps
How many times you make me a fool
Kick me down yea love is your tool
Must have done something wrong having you by my side
Must have done something wrong having you by my side
Yeah I got you baby like a knife to the side
Yeah I got you baby like a knife to the side
