

Waiting

Altons, The

The way you wear your hair
Honey, in your stare
For me
Pay no mind to what those
Other men say
You were played a fool
When they looked your way

Oh, I'll be waiting
Waiting
Won't stop
Waiting for you
You got me running
Running
Don't you know, that I love you, I do

Charming but cavalier
That's the way I describe you, dear
You got me
Pay no mind to what those other girls say
You broke the rules
When you asked me to stay

'Cause I'll be waiting
Waiting
Won't stop waiting for you
You got me running
Running
Don't you know, that I love you, I do

Sitting here hoping that you won't be long
Sitting here hoping
