

Back Up

Aluna

Yeah

I can't trust you for the summer
I swear you tell lies by the hundreds, yeah
I still try even though I don't want it
I can't lie to you, I still love it
But I heard you found somebody

I know I shouldn't be so selfish, can't help it
I don't know why we got so lost, I can't lie

I want you, yeah
To back up
Can we back up?
Back up
I want you, yeah
To back up
Can we back up?
Back up
Can we back it up?

Now you're pulling me under
Yeah, use your eyes for the hunger, yeah
But I know you don't really want it, no
I can't lie to you, I still love it
But I heard you got somebody

I want you, yeah
To back up
Can we back up?
Back up, oh
I want you, yeah
To back up
Can we back up?
Back up
Can we back it up?

I know I shouldn't be so selfish, can't help it
I don't know why we got so lost, I can't lie

I want you, yeah
To back up
Can we back up?
Back up
Now I want you, yeah
To back up
Can we back up?
Back up
Can we back it up?
