

# Beggin'

Aluna

I look so obedient  
But I'm just a deviant  
Baby doll dressed in white, but  
I'ma give you a fright  
'Cause I keep it simple, keep it fresh  
Eat it till there's nothing left  
I've got an appetite  
So I'm keeping you up all night

Beggin', beggin'  
I'll get you beggin', beggin'  
Beggin', beggin'  
For me to leave ya  
Beggin', beggin'  
I'll get you beggin', beggin'  
Beggin', beggin'  
'Cause I'm your weakness

'Cause I'm your weakness  
'Cause I'm your weakness

Beggin', beggin'  
I'll get you beggin', beggin'  
Beggin', beggin'  
For me to leave ya  
Beggin', beggin'  
I'll get you beggin', beggin'  
Beggin', beggin'  
'Cause I'm your weakness

'Cause I'm your weakness  
'Cause I'm your weakness

You got what you came for  
Baby, now you wanting more  
Gotta teach you to savor  
Taking too much of my flavor  
Didn't think you wanted me  
'Cause you thought I come for free  
Now you're being on my floor  
Sitting right outside my door

Beggin', beggin'  
I'll get you beggin', beggin'  
Beggin', beggin'  
For me to leave ya  
Beggin', beggin'  
I'll get you beggin', beggin'  
Beggin', beggin'  
'Cause I'm your weakness

'Cause I'm your weakness  
'Cause I'm your weakness  
'Cause I'm your weakness  
'Cause I'm your weakness

Keeping you up all night

Keeping you up all night  
Keeping you up all night  
Keeping you up all night  
Keeping you up all night  
Keeping you up all night  
Keeping you up all night  
Keeping you up all night
