

Off Guard

Aluna

Wasn't always honest with you cuz I love the tension
I know you like to think you see through all my deception
I'll tell you sorry make you think I mean it
I'll tell you sorry just to keep the peace
But I didn't mean to make you see red not my intention

If you catch me off guard, you know I'm gonna say
Something so hard you open up the gates
And show me your heart I know how to break
I know how to break yeah I know how to break
You catch me off guard, I'll call you a mistake
And open your scars they'll never go away
Show me your heart I know how to break
But I don't want to

It's just what I do
When you catch me off guard
It's just what I do
When you catch me off guard

Didn't mean to make you see red not my intention
You're the light of my life, you're my perfection
I'll tell you sorry make you think I mean it
I'll tell you sorry just to keep the peace
But I didn't mean to say what I said, got lost in passion

If you catch me off guard, you know I'm gonna say
Something so hard you open up the gates
And show me your heart I know how to break
I know how to break yeah I know how to break
You catch me off guard, I'll call you a mistake
And open your scars they'll never go away
Show me your heart I know how to break
But I don't want to

It's just what I do
When you catch me off guard
It's just what I do
When you catch me off guard

When you say everything you wanna say
And then wish you could take back all the words you threw away
It's like I'm watching myself fuck it up a mile away
Like I usually do
When you hear the voice inside your head
And whisper don't you go and say what you already said
You should put them in a box and hide the key instead
Like you're doing right now

If you catch me off guard, you know I'm gonna say
Something so hard you open up the gates
And show me your heart I know how to break
I know how to break yeah I know how to break
You catch me off guard, I'll call you a mistake
And open your scars they'll never go away
Show me your heart I know how to break
But I don't want to

It's just what I do
When you catch me off guard
When you catch me off guard
