

Playing Wit Ya

Aluna

I'm not
I'm not
I'm not

It doesn't matter that you let me down
No, I don't care that you share yourself around (around)
'Cause I knew you'd do it to me
Don't make a difference if you stay or go
Just leave a message, baby, let me know
No need to hang around just for show
'Cause I knew you'd do it to me

I'ma get you back yeah
When you least expect it
It's only natural
'Cause you hurt me so

I'm not playing with ya (playing with ya)
Playing with ya (playing with ya)
I'm not playing with ya (playing with ya)
Playing with ya (I'm not playing with ya)

I'm not
I'm not
I'm not
I'm not
I'm not
I'm not
I'm not
I'm not
I'm not

It doesn't matter if you hide your lies
I'm gonna see them lurking in your eyes
Living in secret like a parasite
'Cause I knew you'd do it to me
I'll take you somewhere, baby, hold on tight
So fast you're moving like a satellite
This golden ticket right out my life
'Cause I knew you'd do it to me

I'ma get you back yeah
When you least expect it
It's only natural
'Cause you hurt me so

Playing with ya (playing with ya)
I'm not playing with ya (playing with ya)
Playing with ya (playing with ya)
I'm not playing with ya (playing with ya)

I'm not
I'm not
I'm not
I'm not
I'm not
I'm not

I'm not
I'm not
