Aluna

You know I work hard, baby  
I'm a bad gyal, yeah  
I wanna go out, baby (Yeah)  
And let my hair down (Yeah)

Take me out for a night wine  
Take me out for a good time  
Take me out for the night, boy  
Take me out for a good wine  
'Cause I wanna feel special  
Just tonight, yeah  
And you know the way to release me from this

Pressure  
I need some relief  
Pressure  
Yours is better  
Pressure  
I need some relief  
Pressure  
Come and press on me  
Pressure  
I need some relief  
Pressure  
Yours is better  
Pressure  
I need some relief  
Pressure  
Come and press on me

Pressure, baby  
I know you wanna press on me (Pressure)  
Pressure, baby  
I know you wanna press on me (Pressure)

Now when I get cold, baby  
It ain't personal, no  
It's all too much for me, yeah  
Can you do that thing you do?

Take me out for a night wine  
Take me out for a good time  
Take me out for the night, boy  
Take me out for a good wine  
'Cause I wanna feel special  
Just tonight, yeah  
And you know the way to release me from this

Pressure  
I need some relief  
Pressure  
Yours is better  
Pressure  
I need some relief  
Pressure  
Come and press on me  
Pressure

I need some relief  
Pressure  
Yours is better  
Pressure  
I need some relief  
Pressure  
Come and press on me

Pressure, baby  
I know you wanna press on me (Pressure)  
Pressure, baby  
I know you wanna press on me (Pressure)

Oh  
Oh-oh-oh  
Oh (Pressure)  
Oh-oh  
Oh  
Oh-oh-oh  
Oh (Pressure)  
Oh-oh
