Aluna

Trouble, trouble, trouble  
We're in deep

Two heads in a gridlock  
That's it, no goal it's a deadlock  
Ain't no backing down now  
Gotta hold your ground now  
Two sides of the story  
No win, no fee, no glory  
It's a waiting game now  
Who the one to cave now?

Trouble, trouble, trouble  
We're in deep  
Stubborn, stubborn, stubborn  
So stubborn

Even though it's not right  
No I can't help moving by your side  
'Cause you know how to wine me  
Up and down so lightly  
I know we were done last night  
But I don't remember why we're fighting  
Baby hold me tightly, hold me tightly

Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep

Baby hold me tightly, yuh a mi do  
Yuh wan me mad? Yuh wan mi a fight ova yuh?  
Yuh know I'm weak when it comes down to yuh?  
Why yuh have fi lef? Tell me wha yuh a go do?  
What yuh a go do, now? It's me, it's you, how?  
Tempted to touch, all the times you let me down  
Why you calling when I told you I'd be out?  
If I pick up then I bet you cuss me out  
I don't know you, had to free you  
You say you wasn't like my Exs before you  
Remember she the one that hit me, I dare you  
Tried to push it when I never would  
But yuh still a text down de phone and all kinda rude tings  
How yuh see me pon de ground and mi a gwan wit bare tings  
How mi manage? Have fi come, mi have fi call yuh and mek yuh tink  
But thing is though I see your text I'll be unread

Trouble, trouble, trouble  
We're in deep  
Stubborn, stubborn, stubborn  
So stubborn

Even though it's not right  
No I can't help moving by your side  
'Cause you know how to wine me  
Up and down so lightly  
I know we were done last night  
But I don't remember why we're fighting  
Baby hold me tightly, hold me tightly

Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep  
Trouble, trouble, trouble  
We're in deep
