

Warrior

Aluna

I been focusin' on you
I been hopin' there's a way to make you see me
And I know that it's no use
'Cause the only way is really just to be me

I wanted to wait
I wanted to make you beg for me
I wanted to wait
I want it today, don't say it to me

Tell me what to do
Just to think 'bout the way we are
Tell me what to do
I want a warrior fight with you

Tell me, tell me, tell me
Warrior, warrior, warrior
Tell me what to do
You warrior

My obsession's come undone
No confession has the power to control me
I been playin' and I won
Undressin' 'til my naked heart is stolen

I wanted to wait
I wanted to make you beg for me
I wanted to wait
I want it today, don't say it to me

Tell me what to do
Just to think 'bout the way we are
Tell me what to do
I want a warrior fight with you

Tell me, tell me, tell me
Warrior, warrior, warrior
Tell me what to do
You warrior
