Bad Idea

AlunaGeorge

You, you, you
Pardon me, would you listen, please?
I'll keep this easy now, keep this fine
I'm gonna have to let you go
cause you've been dragging like jedward
You didn't shut it when you do should
And baby it's a bad show
I'm gonna have to cut you loose
cause your whining is no use
It's time to let it show,
I'm gonna have to let you go

I know you get your kicks from your messy life
Don't follow me with your buss and stride
Your a car crash waiting to happen
I'm putting on the breaks just to save myself
You're a bad idea that's gone out of fashion
I'm not even gonna put you at the back of the shelf

Do ba-do do do ba-do
Keep giving me a new excuse
Do ba-do do do ba-do
I'll start giving you real abuse

Just wanna be polite,
Don't wanna start a fight
So I'm gonna say this right first time
Baby you're bringing me down,
Pressing my buttons with your a big frown
The Situation is over,
Don't look over your shoulder

I know you get your kicks from your messy life
Don't follow me with your fuss and stride
Your a car crash waiting to happen
I'm putting on the breaks just to save myself
You're a bad idea that's gone out of fashion
I'm not even gonna put you at the back of the shelf

Do ba-do do do ba-do
Keep giving me a new excuse
Do ba-do do do ba-do
I'll start giving you real abuse

Your a car crash waiting to happen
I'm putting on the breaks just to save myself
You're a bad idea that's gone out of fashion
I'm not even gonna put you at the back of shelf

Do ba-do do do ba-do
Keep giving me a new excuse
Do ba-do do do ba-do
I'll start giving you real abuse

Your a car crash waiting to happen
I'm putting on the breaks just to save myself
You're a bad idea that's gone out of fashion

I'm not even gonna put you at the back of shelf

Do ba-do do do ba-do
Keep giving me a new excuse
Do ba-do do do ba-do
I'll start giving you real abuse

I'm not even gonna put you at the back of shelf

Do ba-do do do ba-do
Keep giving me a new excuse
Do ba-do do do ba-do
I'll start giving you real abuse
