

# My Blood

AlunaGeorge

Always someone pull those strings  
Chuck you in and watch you swayin'  
Waiting for that big cha-ching  
See how much your life can bring

You're taking the fall now  
You're taking the blame  
It's taking you nowhere  
Getting you low and crushing your faith  
You gotta believe me  
They don't see love  
They're living in hate  
And you just don't know that they just be playing  
You're taking the bait

If you want my blood, oh  
Join me at the front, oh  
If you want my love, oh  
You better come see me  
You better come see me  
You better come see me, see me

Always more to sacrifice  
Insatiable appetite  
When you look in the mirror  
And there's no one that you recognize  
Now that you've been sacrificed  
I bet you're looking, looking for paradise

You're taking the fall now  
You're taking the blame  
It's taking you nowhere  
Getting you low and crushing your faith  
You gotta believe me  
They don't see love  
They're living in hate  
And you just don't know that they just be playing  
You're taking the bait

If you want my blood, oh  
Join me at the front, oh  
If you want my love, oh  
You better come see me  
You better come see me  
You better come see me, see me

If you want my blood, oh  
Join me at the front, oh  
If you want my love, oh

If you want my blood  
Join me at the front  
If you want my love
