

Downhill Lady Racer

Alvin Lee

I saw a downhill lady racer, really loved me when she fell
See her lovely body, Turnin' all to hell
I really meant to call her - And say, please don't risk your life
Yeah, though about my woman - And then I realized

She's a free soul
Has to live her life her way
She's a free soul
She's gonna get that way

And when I thought about my lady, Livin' in my stinkin' home
The way I always leave, Whenever I'm goin' wrong
Might think she's safe and sound - In those castles walls
But you can't protect the one you love - From takin' all those falls

She's a free soul
Has to live her life her way
She's a free soul
She's gonna get that way
