

Let's Boogie

Alvin Lee

Come on baby, don't stop
Time to boogie, till you drop
So let's boogie, let's boogie
I'll sure boogie woogie for you

Come on baby, one more time
They're rock and rollin' just down the line
So let's boogie, come on boogie
Boogie woogie for me, I hope you boogie too

Come on along, won't you bop with me
Crazy rhythm gonna set you free
Give it a try baby you will find
It's gonna blow, it's gonna blow
It's gonna blow away your mind (yeah)

Come on baby, don't you know
It's the only way to go
So let's boogie, come on boogie
If you boogie for me
I'll sure boogie woogie for you (boogie on now)

I'm gonna tell you how it's gonna be
Crazy music gonna set you free
Come on baby, let's do it right
I'm gonna boogie gonna boogie
With your woogie tonight (yeah)

Come on baby, don't stop
Time to boogie, till you drop
So let's boogie, let's boogie
If you boogie for me
I'm sure gonna boogie for you
(Boogie one more time)

Come on baby, won't you bop with me
The crazy rhythm gonna set you free
Give it a try baby you will find
It's gonna blow, it's gonna blow
It's gonna blow away your mind (yeah)

Come on baby, don't you know
It's the only way to go
So let's boogie, come on boogie
If you boogie with me
I'll sure boogie woogie for you

Come on baby, won't you bop with me
The crazy rhythm gonna set you free
Come on baby let's do it right
I'm gonna boogie with your woogie
With your woogie tonight (yeah)

Come on baby, one more time
They're rock and rollin' just down the line
So let's boogie, come on boogie
Boogie woogie for me

And I hope you boogie too.
