

The Price of This Love

Alvin Lee

Well I was caught in the crossfire
Like a bullet from a gun
I fell for all the lies you told me
Now my troubles have begun

It's like a hurricane hannah
The way you blew me away
Now I'm finding out the price Tag
When your feelings run away

What is the price of this love
What is the price of this love
What are you thinking of
Baby Baby Baby Baby, what is the price of this love

Well I was caught in the crossfire
Like a bullet from a gun
I fell for all the lies you told me
Now my troubles have begun

What is the price of this love
What is the price of this love
What are you thinking of
Baby Baby Baby Baby, what is the price of this love
