

All You Need

Always Never

You don't need to call just come thru
I just want this one on one with you
This is all you need
This is all you need
Wearing nothing for me, for me
You don't need to call just come thru
I just want this one on one with you
This is all you need
This is all you need
Wearing nothing for me, for me

Show time it's your time
You run this babe, everybody know that
At least they speculate, cause everybody falls flat
And you stand up and fight back
Show time it's your time
You want the stakes and the point of focus
Girl you captivate
'Cause all the others differ

Done it all before
Done it all before
So long

You don't need to call just come thru
I just want this one on one with you
This is all you need
This is all you need
Wearing nothing for me, for me

Show time it's your time
You've got it made, everything you're given
They under estimate, your power of persuasion
With the words you never say yeah
Show time it's your time
You don't depend and always walk with caution
That's got to end
'Cause you don't trust too often
That's one thing we've got in common

You don't need to call just come thru
I just want this one on one with you
This is all you need
This is all you need
Wearing nothing for me, for me
You don't need to call just come thru
I just want this one on one with you
This is all you need
This is all you need
Wearing nothing for me, for me
