

## Bad For Me

Always Never

She's good  
From the hood  
Mama brought her down  
She's from Kansas wow  
I'm shook  
Diving in  
Got that country flow  
Bitches wanna know

Bad for me  
Bad for me  
Every now and then you blow my mind  
I'm not tryna lose or waste no time  
Bad for me  
Bad for me  
You could really do some damage babe  
Cause you're the only one that makes me say

She's bad  
My gasoline  
Never know what might set her off  
Baddest bitch you've ever seen  
Ice cold  
But not to me  
She's a little wild  
But that's the shit I need

Bad for me  
Bad for me  
Every now and then you blow my mind  
I'm not tryna lose or waste no time  
Bad for me  
Bad for me  
You can really do some damage babe  
Cause you're the only one that makes me say

My girl, my girl, my girl  
Only one in my world, my world, my world  
Taking all the chances  
Never could've planned this  
It's always been you  
You  
You  
Yes

Bad for me  
Bad for me  
Every now and then you blow my mind  
I'm not tryna lose or waste no time  
Bad for me  
Bad for me  
You could really do some damage babe  
Cause you're the only one that makes me say
