

# Don't Say It

Always Never

Don't say it  
It's on the tip of my tongue  
I'm not playing  
You'll wish I never begun  
The words don't  
Ever come out how I want  
Why do I always fall back?

Haunts me  
I'm about to get fucking violent  
Just leave me alone in silence  
I wish I could fucking find it

Leave me be, I've got it figured out  
If you let me speak, you could hear me out  
Could it be?  
Could it be?  
Could it be?  
Could it be?

I feel like you don't really hear what I say  
I'm dying  
With a heavy heart I pray  
I'm lying

Don't say it  
It's on the tip of my tongue  
I'm not playing  
You'll wish I never begun  
The words don't  
Ever come out how I want  
Why do I always fall back?

Haunts me  
I'm bout to get fucking violent  
Just leave me alone in silence  
I wish I could fucking find it

Girl I'm indifferent  
The journey was longer  
For me than it was for you  
I wish I could  
See myself from your perspective  
I know you're  
On you're way for my head soon

There's too much on my plate  
I can really feel the weight now  
I never show my demons  
I wish that you could see them

Don't say it  
It's on the tip of my tongue  
I'm not playing  
You'll wish I never begun  
The words don't  
Ever come out how I want

Why do I always fall back?

Haunts me  
I'm bout to get fucking violent  
Just leave me alone in silence  
I wish I could fucking find it

It doesn't matter  
I don't wanna stay  
The smile on my face  
Has faded away  
I'm tired of bullshit  
I'm tired of pain  
I wish something would fucking change
