

Drowning

Always Never

Trouble in the distance
Kept me up all night
I'm on your side, your side
Inhibitions make it undeniable
We got tensions, tension

Pull me under water
I don't wanna breath again
Oh oh
Pull me out the bottom
This will be the death of me
Oh no

Run around me
Can you hear my voice
When the night falls
I'm yelling your name
You are what I call my inner demon
It's a vicious nightmare

Pull me under water
I don't wanna breath again
Oh oh
Pull me out the bottom
This will be the death of me
Oh no
