

## Just For You

Always Never

It's a little cold  
In these Toronto streets  
But you keep me warm  
When I go to sleep ah ah  
I think you're right  
We should take a trip  
Summer's out of here  
Let's make it a hit

You're touching all over me  
You're touching all over me, all over me  
But you're doing it right  
You're doing it right  
Get up in the morning and do it again at sunrise

Oh girl I'm in love  
Girl I'm in love  
Oh yeah yeah  
It's true  
I'd fly to the moon and back for you  
Just for you  
Just for you  
Woah

It's a lil cold  
In these polo sheets  
You kissing all on it  
Then you sucked the soul from me  
I know I talk up a good game  
But you only bad for daddy  
Control it while you back it up  
You's a natural  
A true professional

Touching all over me  
Touching all over me  
Ooh yeah  
Doin' it right  
Doin' it right  
Into the morning  
Under the sunrise

Girl I'm in love  
I'm in love  
Oh yeah  
It's true  
I'd fly to the moon and back for you  
Just for you  
Just for you  
Woah

Lights flash  
We turning up  
The bottles pour  
We in the club  
You're getting close  
You heat it up

Let's call a car  
I'll serve it up up ah

You're touching all over me  
You're touching all over me, all over me  
But you're doing it right  
You're doing it right  
Get up in the morning and do it again at sunrise

Oh girl I'm in love  
Girl I'm in love  
Ah yeah yeah  
It's true  
I'd fly to the moon and back for you  
Just for you  
Just for you  
Woah
