

Millions

Always Never

Jump off the diving board
Into shallow water
Oh this a risk that I really, really, gotta gotta
I'm chasing M's
The Millions
Amen, amen
The Millions
Burning up inside the inferno
I'm past the point of no return
I need to let go
I'm chasing M's
The Millions
Amen, amen
The Millions

Want a house on a hill
Rari' for the thrill
Ice on my wrists
Just to know how it feel
I just wanna wake from a dream
And be in one that's real
That's real
This ain't the life for you
You'll never make it through
But there's a chance that I could

Jump off the diving board
Into shallow water
Oh this a risk that I really, really, gotta gotta
I'm chasing M's
The Millions
Amen, amen
The Millions
Burning up inside the inferno
I'm past the point of no return
I need to let go
I'm chasing M's
The Millions
Amen, amen
The Millions

A little empty is my situation
Oh I've been good I've been so patient
But the void won't fill
Oh it's here though I try
I try, yeah
There's no chance it's by design
I get it if I decide
But what monsters wait on the other side?

Jump off the diving board
Into shallow water
Oh this a risk that I really, really, gotta gotta
I'm chasing M's
The Millions
Amen, amen
The Millions

Burning up inside the inferno
I'm past the point of no return
I need to let go
I'm chasing M's
The Millions
Amen, amen
The Millions

Jump off the diving board
Into shallow water
Oh this a risk that I really, really, gotta gotta
I'm chasing M's
The Millions
Amen, amen
The Millions
Burning up inside the inferno
I'm past the point of no return
I need to let go
I'm chasing M's
The Millions
Amen, amen
The Millions
