

Nowhere To Run

Always Never

Run fast
No one ever told me I'd have to
Run faster
I'm glad to

And change all of my ways
Just to have you
I'm a bad man
Didn't have to

I can't see
I can't see

Life is a moment
You blink and it's over
The hardest days are yet to come
The shadows in my home are just getting older
Shadows you can't outrun
Shadows you can't outrun
Shadows you can't outrun

Oh no no
No no no
