

Set Me On Fire

Always Never

She left for the night
Minutes pass by
And hours like days
I'm dead and alive
Dead and alive
I can't prove her lies
Oh what a surprise
Paralyzed

She lives for the night (the night)
Ooh na na na, ooh na na na
She ain't got a type (type)
Ooh na na na, ooh na na na
And after the truth
Came out I was done
Would I die for you?
Die for you?

Set me on fire, oh no
Set me on fire, oh no
Set me on fire, oh no
Set me on fire, oh no
Set me on fire

I never thought I'd love someone like you
I just wanna run but I can't move
Yeah I've been better, better
Wish I was better, better
You just had to let me die for you

She lives for the night (the night)
Ooh na na na, ooh na na na
She ain't got a type (type)
Ooh na na na, ooh na na na
And after the truth
Came out I was done
Would I die for you?
Die for you?

Set me on fire, oh no
Set me on fire, oh no
Set me on fire, oh no
Set me on fire, oh no
Set me on fire
