

Shattered

Always Never

Broken hearted
We were torn
Vicious cycle
Loaded gun
I was stupid
We knew better
You were dead to me
But I was deader

So what
I made a mistake
Now I know
I wouldn't replay

So what
We didn't matter
Foolish hearts
Would end up shattered
Would end up shattered
Would end up

Shattered
Would end up shattered (shattered, oh)
Shattered (oh no)

I fucking hate you
You left me guessing
Sleepless nights
Yeah I had questions
It feels so shameful
I should have know
But I was stupid
I felt so alone

So what
I made a mistake
Now I know
I wouldn't replay

So what
We didn't matter
Foolish hearts
Would end up shattered
Would end up shattered
Would end up

Shattered
Would end up shattered (shattered, oh yeah)
Shattered (oh no)

Would end up shattered
Would end up shattered
