

# Worst

# Always Never

I don't own a soul with a conscience  
I'm just trying to be a little honest  
But I know  
Can't explain it to you more  
I promise I'm not this thoughtless  
To you I've been a lot less  
I know it shows  
But I can't live like this no more

No I can't hold your hand anymore  
No I can't hold your hand no more

You wouldn't know unless you felt it  
So hold those tears and yell yeah  
Ouu let me tell yeah  
It's something else yeah  
And how am I supposed to help it  
If I don't even love myself yeah  
Ouu let me tell yeah  
It's something else yeah

I'm so afraid of losing  
This heart that's finally moving  
But I know  
These are all just chemicals  
And trust, I've tried refusing  
But girl this ain't a new thing  
I've had my fun  
Now all the worst is yet to come

All the worst is yet to come  
All the worst is yet to come

You wouldn't know unless you felt it  
So hold those tears and yell yeah  
Ouu let me tell yeah  
It's something else yeah  
And how am I supposed to help it  
If I don't even love myself yeah  
Ouu let me tell yeah  
It's something else yeah  
Woah oh

You wouldn't know unless you felt it  
So hold those tears and yell yeah  
Ouu let me tell yeah  
It's something else yeah  
And how am I supposed to help it  
If I don't even love myself yeah  
Ouu let me tell yeah  
It's something else yeah  
Woah oh

This time, this time  
And I'm at such a loss  
Can't find myself without ya
