

# Good Love

Aly & AJ

Woke up laughing  
Make it by the door  
You were on my mind  
Good love is hard to find  
Tell me to stay  
Look into my eyes  
Waste away the time  
Bad love is all I find

So I keep waiting to touch somebody  
Keep you closer, on my body  
To love somebody  
To kiss somebody  
I wanna touch somebody  
'Cause I love somebody  
I wanna touch somebody  
I wanna touch somebody

Find me a face  
That I wanna hold  
That I can memorize  
Good love is hard to find  
Good love is hard to find

So I keep waiting to touch somebody  
Keep you closer, on my body  
To love somebody  
To kiss somebody  
I wanna touch somebody  
'Cause I love somebody

Come on baby, give me good love  
Sometimes touch just isn't enough  
Come on baby, give me good love  
Sometimes touch just isn't enough  
Good love, good love, good  
Good love, good love, good  
Good love, good love, good

So I keep waiting to touch somebody  
Keep you closer, on my body  
To watch somebody  
To kiss somebody  
I wanna touch somebody  
'Cause I love somebody

Give me good love  
Good love  
Good love (give me good love)  
Good love  
Give me your love  
Good love (to be somebody)  
Good love (I wanna touch somebody)  
Good love ('cause I love somebody)  
Give me good love  
Good love  
Good love (give me good love)

Good love  
Give me your love (to watch somebody)  
Good love (to kiss somebody)  
Good love (I wanna touch somebody)  
Good love ('cause I love somebody)  
Give me good love
