

## Lonesome Dove

Aly & AJ

I'll be a lonesome dove  
If you don't come home this Christmas  
I'll be a lonesome dove  
If you don't fly home this year

Sit here on my porch and pray that  
I'll see headlights through the snow  
If this doesn't happen, I will  
Have to find somebody else to hold

I'll be a lonesome dove  
If you don't come home this Christmas  
And I'll be a lonesome dove  
If you don't fly home to me this year

Slow dance in the pale moonlight  
I wish that you were here  
If this doesn't go my way  
I'll lasso a cowboy to bring me some chip

I'll be a lonesome dove  
If you don't come home this Christmas  
Don't make me a lonesome dove  
My heart just won't take it, baby, this year  
Don't make me a lonesome dove  
But don't need one more lonesome dove this year
