

# Lost Cause

Aly & AJ

Don't tell me what I wanna hear  
I don't wanna hear you going on about it  
Just save me from another year  
Looking through my rear view mirror  
No, I don't want that

Maybe it's just come to an end  
Don't need to bring us back from the dead  
Maybe it just ran its course  
And trying too hard only makes me feel

Like we're a lost cause  
Like we're betting on a dead horse  
I try reaching out with both arms  
For something that never was  
For something that never was

Don't tell me what I wanna hear  
I don't wanna hear you still going on about it  
'Cause lately, I don't have the tears  
My conscious hasn't been this clear  
And it makes me feel

Like we're a lost cause  
Like we're betting on a dead horse  
I try reaching out with both arms  
For something that never was  
For something that never was

Reach out, reach out, reach out, reach out  
Reach out, reach out, reach out, reach out  
Reach out, reach out, reach out, reach out  
Reach out, reach out, reach out, reach out

Maybe it's just come to an end  
Don't need to bring it back from the dead  
Maybe it just ran its course  
And trying too hard only makes it worse

I feel  
I feel  
I feel

Like we're a lost cause  
Like we're betting on a dead horse  
I try reaching out with both arms  
For something that never was  
For something that never was

Reach out, reach out, reach out, reach out  
Reach out, reach out, reach out, reach out  
Reach out, reach out, reach out, reach out  
Reach out, reach out, reach out, reach out
