

# Never Far Behind

Aly & AJ

I know this really isn't you  
I Know Your Heart Is Somewhere Else  
And I'll Do Anything I Can  
To Help You Break Out Of This Spell  
I See You Following your Crowd  
I Know You're Trying To Fit In  
But If Your Gonna Find Yourself  
You Gotta Start From Deep, Deep Within

Hold On To What You Believe

I Will Always Be Your Friend  
I Know Who You Are Inside  
I Am With You Till The End  
Never Far Behind  
I am standing in the distance  
You can take your time  
And I will be there waiting  
Never Far Behind  
Yeah  
Never Far Behind

I Am Sending You A Message  
Don't ever Think That It's Too Late  
When You Care About Someone  
There is always room for change  
you're allowed to make mistakes  
it's a part of every life  
I Don't See you any different  
The Truth Is Shining In Your Eyes

Hold On To What You Believe

I Will Always Be Your Friend  
I Know Who You Are Inside  
I Am With You Till The End  
Never Far Behind  
I am standing in the distance  
You can take your time  
and I will be there waiting  
Never Far Behind  
Yeah  
Never Far Behind

You Can Take Your Time  
And I Know  
From My Heart

I Will Always Be Your Friend  
I Know Who You Are Inside  
I Am With You Till The End  
Never Far Behind  
I am standing in the distance  
You can take your time  
and I will be here waiting  
Waiting by my side  
God

Is Never Far Behind

I Am Sending you a message
