

Lost And Found

Alyson Stoner

This is my world
four walls and a view
I stare at the ceiling
chasing these feelings around in my head

I'm so confusd
for what I've been missing
in my life
I learn to be strong
when the walls are crumbling
all around my heart

Chours
You might say I feel lost and found
you might say I'm all turned around
this is the first time I know who I am
Cause now my feet are on solid ground
before I didn't know up from down
I won't be long to find where I'm going now

I must confess
I as a mess
I tried not to show it
didn't want them to know it
cause everyone has
their own cross to bear
and mine is still waiting
to fall back into place
but I learned to be strong
when the rain is falling
all around my heart

Chours
You might say I feel lost and found
you might say I'm all turned around
this is the first time I know who I am
cause now my feet are on solid ground
before I didn't know up from down
thanks for love, I know where I'm going now
Repeat x1

Don't look back
learn from the past
livin' for now is what keeps me going
don't look back but hold the memories
I can do this
I must do this

This is my world
a musch better view
I feel myself growing
without even knowing
what lies ahead (what lies ahead)
but who really knows
I'll just embrace it
with love I can face it

Chorus

You might say I feel lost and found
you might say I'm all turned around
this is the first time I know who I am
cause now my feet are on solid ground
before I didn't know up from down
thanks for love, I know where I'm going now
Repeat x1

I know where I'm going now

I know where I'm going now
