

Badlands

Alyssa Reid

I know a place, a getaway
If you wanna get on my wave
If you don't, get out my way-ay
No fuck boys with the diamond grills
Only kings and queens eating caviar meals
Pay no mind how we pay them bills, ay

Oh-whoa-oh-whoa
Only beautiful people
Gone perfectly mad
It's a beautiful world yeah

Welcome to the badlands
We go where we wanna go
Welcome to the badlands
We're lost but we're not alone
Welcome to the home of the wild kids
High class rebels and heroines
Badlands
It's a beautiful world and we're perfectly bad

Welcome to the

Welcome to the badlands

Welcome to the badlands

I know a place where runaways
Run free, we're renegades
Everyday is a holiday-ay
No fuckboys with the diamond grills
Only kings and queens eating caviar meals
Fast cars and little pills, ay

Oh-whoa-oh-whoa
Only beautiful people
Gone perfectly mad
It's a beautiful world yeah

Welcome to the badlands
We go where we wanna go
Welcome to the badlands
We're lost but we're not alone
