

Clyde

Alyssa Reid

Just ride with me baby, oh we're speeding on it
This fine with you maybe, we can leave all we got
Okay honey listen don't cry, I'll be the Bonnie and you'll be Clyde
Get the money, don't waste no time, got the gat and I'm clean

He got me in a dangerous state, he got me high like 808
He me on that foul play, roll with us you won't know your fate
Ain't got no problems so he come to a stop
We came from the bottom but we live at the top

Hush now
I can hear them calling
Baby we'll love even when we lose it all

I'll be the bullet in your gun, we can go the hard way
Killers on the run, I'm gon do it all the way
Said uuuh eh eh eh eh
Uuuh eh eh eh eh
Bullet in your gun, we can do it all the way

If we ain't gotta stop then baby you know the drill
I got a job and boy you know that I will
Hey honey, it's all for you
You give me love so that's what it do
But get it in and you'll get that bill, we're sittin on that mill

He got me in a dangerous state, he got me high like 808
He me on that foul play, roll with us you won't know your fate
Ain't got no problems so he come to a stop
We came from the bottom but we live at the top

Hush now
I can hear them calling
Baby we'll love even when we lose it all

I'll be the bullet in your gun, we can go the hard way
Killers on the run, I'm gon do it all the way
Said uuuh eh eh eh eh
Uuuh eh eh eh eh
Bullet in your gun, we can do it all the way

Hush now for a little while
Baby we'll love, you're all that I've got

I'll be the bullet in your gun, we can go the hard way
Killers on the run, I'm gon do it all the way
Said uuuh eh eh eh eh
Uuuh eh eh eh eh
Bullet in your gun, we can do it all the way

I'll be the bullet in your gun
I'll be the bullet in your gun
