

High

Alyssa Reid

I never knew that love could hurt this much
I'm not a stranger to goodbye
I feel like screaming when I hear your name
Like I'm dying inside

You had me head over heels
Now I can get over you
I'm in way over my head
And I don't know what to do
So I get high, high, high till I'm numb out of pain
You're under my skin
You're like a drug in my veins

You get me high, high, high, high
You get me high, high, high, high
You get me - high (you get me high, high, high, high)
High (you get me high, high, high, high)

I can't believe how much I need you here
Think I'm addicted to goodbye
I close my eyes until I disappear
I know I'm dying inside

You had me head over heels
Now I can get over you
I'm in way over my head
And I don't know what to do
So I get high, high, high till I'm numb out of pain
You're under my skin
You're like a drug in my veins

You get me high, high, high, high
You get me high, high, high, high
You get me - high (you get me high, high, high, high)
High (you get me high, high, high, high)

You had me head over heels
Now I can get over you
I'm in way over my head
And I don't know what to do

So I get - high (you get me high, high, high, high)
High (you get me high, high, high, high)
