

Rollercoaster

Alyssa Reid

Hey, why you always getting lit?
Why you always talking shit?
Why you say you can't come in?
But talking to me like, yo, girl you look so fine
And you know you're on my mind
So why we wasting time?

Oh no, don't be long
Boy, scared to leave
And I'm holding on
I say, oh no, don't be long
Better treat me bad
What your mother teach ya?

Come and take a ride on my rollercoaster
Take you up high, just to let you down
Get ready for the ride cause I'm coming over
Come and take a ride on my rollercoaster
Come and take a ride on my rollercoaster
Take you up high, just to let you down
Get ready for the ride cause I'm coming over
Come and take a ride on my rollercoaster
Come and take a ride, come and take a ride
Come and take a ride, come and take a ride on my rollercoaster

Hey, why you always getting mad?
Why you always in my head?
Boy, I love it when you bad
But talking to me like, yo, girl you look so fine
And you know you're on my mind
So why we wasting time?

Oh no, don't be long
Boy, scared to leave
And I'm holding on
I say, oh no, don't be long
Better treat me bad
What your mother teach ya?

Come and take a ride on my rollercoaster
Take you up high, just to let you down
Get ready for the ride cause I'm coming over
Come and take a ride on my rollercoaster
Come and take a ride on my rollercoaster
Take you up high, just to let you down
Get ready for the ride cause I'm coming over
Come and take a ride on my rollercoaster
Come and take a ride, come and take a ride
Come and take a ride, come and take a ride on my rollercoaster

Come and take a ride, come and take a ride
Come and take a ride

Come and take a ride on my rollercoaster
Take you up high, just to let you down
Get ready for the ride cause I'm coming over
Come and take a ride on my rollercoaster

Come and take a ride on my rollercoaster
Take you up high, just to let you down
Get ready for the ride cause I'm coming over
Come and take a ride on my rollercoaster
Come and take a ride, come and take a ride
Come and take a ride, come and take a ride on my rollercoaster
