

# Sleep Without You

Alyssa Reid

I don't leave the house 'til the sun goes down  
Don't go out with friends 'cause I'm not fun to be around anymore

Shut off the noise, but the silence is so loud  
Still up at night, but the nights aren't the same when you're not around

Oh-oh-oh, I wish you were here, but I promise I'm tryin'  
Oh-oh-oh, I wish I could see that I'm fine

But I'm in the city, I try to keep busy  
But I'm drowning in pity 'cause I'm missing you  
Counting mistakes, does she love you the way I do?  
'Cause I'm wide awake, I can't sleep without you

(Shh)

I can't  
Sleep without you  
I'm wide awake, I can't sleep without you (Sleep without you)  
In the city, I try to keep busy  
'Cause I'm wide awake, I can't sleep without you (Sleep without you)

These days, I don't keep the station on  
The one that played our song three times that night you drove me home from your mom's  
I know you're gone, but I haven't moved at all  
Is my number saved? Oh, in case you wanna call

Oh-oh-oh, I wish you were here, but I promise I'm tryin'  
Oh-oh-oh, I wish I could see that I'm fine

But I'm in the city, I try to keep busy  
But I'm drowning in pity 'cause I'm missing you  
Counting mistakes, does she love you the way I do?  
'Cause I'm wide awake, I can't sleep without you

(Shh)

I can't  
Sleep without you  
I'm wide awake, I can't sleep without you (Sleep without you)  
In the city, I try to keep busy  
'Cause I'm wide awake, I can't sleep without you (Sleep without you)

I don't leave the house 'til the sun goes down  
Don't go out with friends 'cause I'm not fun to be around anymore
