

## When It Hurts

Alyssa Reid

Tell me lies, make me cry, know I love to say goodbye  
Cut me deep, make me bleed, oh, you know I love to leave  
I don't trust nobody, got a lot fakes surrounding me, you're  
Saying that you're different but I swear you look the same to me, ya

Got a cold heart, and a fast car, gonna skrt skrt, fuck outta here  
I'm a nightmare, getting drunk off my tears

I love when it hurts  
Oh, oh, oh  
I love it when it hurts  
Oh, oh, oh  
Can't help it I just love it when it breaks my heart, and I start crying, just keep on lying to me  
Come on make it worse  
Oh, oh, oh  
Can't help it I just love it when it hurts

Break my heart, leave me scarred, love it when I fall apart  
I'm insane, scream my name, I'm addicted to the pain  
Just can't keep a lover cause I love it when I suffer  
I like when I'm the saddest, and I love you cause you're damaged, too, ooh

I love when it hurts  
Oh, oh, oh  
I love it when it hurts  
Oh, oh, oh  
Can't help it I just love it when it breaks my heart, and I start crying, just keep on lying to me  
Come on make it worse  
Oh, oh, oh  
Can't help it I just love it when it hurts

Tell me lies, make me cry, know I love to say goodbye  
Cut me deep, make me bleed, oh, you know I love to leave  
Can't help it I just love it when it hurts
