

# Antebellum

AM

I was raised in the gully, not the Gaza (Gully)  
Twelve gauge, bitch had twins, no father  
Mind where you fish, I got teeth like piranha (Better mind)  
Tryna sink ships, big guns what I harbour (Dudu)  
If you try bang and get slapped, that's karma (Like, baow)  
Three shots from a black star, that's Ghana (That's Ghana)  
Fully tan man, see your skin get darker (Ugh)  
Feed a man corn, true, he's lookin' all marga

I grew up in a Christian home, all now I still pray (I do)  
But the drugs and the violence what made me this way (Ugh)  
And I've been around fields from them OC days (OC)  
What the fuck do you think? I wasn't born this way (No)  
Never chose this life, never chose this pain (I didn't choose it)  
When your friends turn bros, then your bros turn snakes (Ugh)  
But you take it on the chin and send corn where he lays (Baow, baow)  
And if he ever comes back, then you slap it in his face (Slap it)  
But how did we get here? (Hmmm)  
We was chillin' in the pitch, some pride no bel-air  
Real dargs deh-deh  
Them Cowley days, banging goals like Pelé  
They're talkin' 'bout gang shit, it's a family (It's a family)  
Same team for me, had no salary (Gang)  
And all the fake shit's bad for your sanity (Ugh)  
Same bridges getting burned like calories (Burnt)

I was raised in the gully not the Gaza (In the gully)  
Twelve gauge, bitch had twins, no father  
Mind where you fish, I got teeth like piranha (Better mind)  
Tryna sink ships, big guns what I harbour (Dudu)

Fully tan man, see your skin get darker (Ugh)  
Feed a man corn, true, he's lookin' all marga

Never show love on the road, that's suicide (Don't do it)  
It's too cold, gotta live by do or die  
Ever step for a man that wouldn't do the same? (Mm)  
Only members allowed, who the fuck are they? (Who the fuck are they?)  
I've got real life trauma, no one cares (No one)  
I'm a thug so they hate man everywhere (Ugh)  
I don't smoke no more so I feel it all (Feel it)  
Long time, I put drugs in teddy bears (Ugh)  
Mummy don't know why I gotta bang (Baow)  
Couple niggas tryna put me in a bodybag (True)  
So I'm gonna do what I gotta do (Gonna do it)  
If it's me or them, who you gonna choose? (Gonna chose)  
I hope the Lord sees me in a better light  
I just do what I do for a better life  
And this will all make sense, maybe one day (One day)  
Until then, I'ma squeeze on a semi-nine (Dududu)

Twelve gauge, bitch had twins, no father  
Mind where you fish, I got teeth like piranha (Better mind)  
Tryna sink ships, big guns what I harbour (Dudu)  
If you try bang and get slapped, that's karma (Like, baow)

Ayy, you already know who it is, Mally  
Food for the cats, that's IAMS  
It's AM, who I am  
You know we're really out here before the war, antebellum  
Fours up or get bored up  
F's up or get cheffed up  
C's up or get beat up  
Or rasclart bleed up, Mally

Feds want the ten in the box like the ark or the covenant (Ten)  
They was on dates, I fell in love with the sovereign (How could you?)  
Hate if you want, it's not me that you're bothering (It's not me)  
Still, I can't milk it, I'm lactose intolerant (Can't milk)  
Nothing got slapped with the skengs that you're borrowing (Dudu)  
If he moves bookey, park up and follow him (Park)  
Life's like a movie, I'm writing down some of it (Write it down)  
Cultivate chapters like songs of Solomon (Mm-mm)  
If I don't block her, she's gonna keep hollering  
Course I make time for you, only if you're swallowing  
Bro beat corn with the feds in front of him  
Like, no one's stopping him, we're boppin' in and droppin' it (Baow)  
Young G's tapped, true, their head's kinda gone a bit (Kinda tapped)  
Lame niggas talking out their arse, put a sock in it (Ugh)  
Any niggas sittin' on the fence, start hoppin' it (Hop that)  
Even Humpty got his head cracked and I ain't moppin' it (Baow, baow)
