Emz mixed this one
YJay made this

It's funny how I lived on the opp block proper
One wrong move and I could've been bun
But even they didn't stand no chance
Their block got ripped with bine and copper
There's a lot of things that I got in my locker
Can't say much cause' the streets is hotter
Lemme just start by telling them dis
Better not drop when you see this chopper
Step with intent then mbappe like kyllian
Opp got life cah' he chinged civilians
Two man step on a bike that's pillian
She was tryna shake on my spear like ***
The young boy's step with the blade is brilliant
Spare no one, man's chinging affiliates
How you get bagged with a 4mm?
The bells in the ting same size as millions
And I pray that my mother don't see this
Prayers in the night cus' I really need Jesus
And the box really changed his features
Chopped in the head he ain't getting no re-twist
No singles, no cane-rows
Just a bald head cut like Kano
And I'm really on Ps & Qs
But I still step with a beast like halo
I'll back this hammer on bastards
They're gonna run when they see me regardless
You would've thought it was slavery backwards
Really got black men selling their masters
Why you think that I ain't been rapping
Man's been trapping to buy this canon
And shoot this suttin', I came with manners
Sorry miss jackson, I ain't lacking
And I'm pissed when I run out of cling film
I send a cat to the shop by windmill
And this corn leaves more than a coco
Donny got a dome on his head like spring film
Ask DT when we had that spring film
Now we got nails for the glee like infills
I said 'bye' to the dotts 'It's been real'
We got packs over there and over there and over there
The ting with the beam gets slapped anywhere
She asked for the D so I grabbed on her hair
Then I gave her the wood from the bed to the chair
He ran with with the jam
Man's banging in fear
The 2's they backed couldn't pearce man's ear
They come to the net to impress their peers
Aye big man bang for your friend it's weird
And what they done in the shop was appalling
Likkle man's 1 parent from an orphan
Now the family step with caution
I bet the next school run's gonna be awkward
Step with mine, that ain't my portion
But your mum should've had an abortion

And you don't wanna see DD bangs
The ting went bang and it left him mourning
Chat to the gyal like he ain't got sense
How you think I know where you lay your head?
I camped outside 2 days on end
Better close that window before you go bed
I was even there when your girl gave birth
Only down the road so I had to attend
I ain't gotta cap I was there with ***
No you ain't safe now you're living in kent
Free Lil Rass got bagged for an M
Sav fresh home got bagged for an M
Smoke you down got grabbed for an M
Came fresh home went back for an M
Long time I can't see Snipez on road
20 odd years got bagged for an M
So how the fuck can you talk about gang?
When you know we got packs on the 4 and the 10
We even had barbies pulling out shanks
Really not safe if you fuck with 'dem
Alla' this talk 'bout chocolate darling
Barbies pull up and ride on kent
Yo we're just raising qualified barbers
Really on smoke tryna' shave man's head
First it was Latz, then it was Bis
But I think Stickz gone and set that trend
