In the spa, they'll call me a member
They don't even know why I get in the sauna
I don't care who's in the ride, just fill it
Man turn pack, then the mandem bill it
Mally

In the club with a .44 bulldog (Boop, boop)
I ain't gotta pattern the DJ, he already knows what tracks get pulled up (He
knows)
Like grab it, spin it, cool off (Skrrt)
All these bells won't fit in a sawn-off (Dududu)
Ever seen a man's face get torn off?
Live-O corn, tryna whack man's jawn off
And the skeng really came with violence
Ting too loud, let it beat like war dog (Boop, boop)
It gets long when I cross that border
Splash like water, silly informer (Silly informer)
In the spa, they'll call me a member
They don't even know why I get in the sauna (They don't)

Man can't look in my eyes, he's fearful (He's fearful)

On my life, I can tell you it's peppers (It's peppers)
How the fuck could the clip get longer?
Twenty-five bones in the fish like monger (Bones)
Anywhere man step, man conquer (Argh)
And this life should've made me stronger
But the streets turned me to a monster (Argh)
See the life that I live is reckless
Finna cross that road with a loaded jawn
On my life I can tell you it's peppers (Peppers)
How the fuck could the clip get longer?
Twenty-five bones in the fish like monger (Bones)
Anywhere man step, man conquer
And this life should've made me stronger
But the streets turned me to a monster
