(Whoosh Beats)
This one never came with powers
Post up in the Walth' for hours

This one never came with powers
Go ride for your friend you coward
23 I got twins like towers
Radox 'cause a man got showered
Post up in the Walth' for hours
In the shoobs headback get floured
These shots to your mouth ain't sours
With the tings in the ride and forward
This one never came with powers
Go ride for your friend you coward
23 I got twins like towers
Radox 'cause a man got showered
Post up in the Walth' for hours
In the shoobs headback get floured
These shots to your mouth ain't sours
With the tings in the ride and forward

See the fence get hopped like rabbit
Man capture the boy and stab it
See the wound to his head was horrid
See his guts hanging out and vomit
Officer I don't know who done it
If I knew still, I won't be honest
BT said they ain't got courage
Man run when the four doors coming
When I'm under arrest I'm cosy
I ain't pleading arrest like Loski
Ask all of the man that know me
Not one could've took my trophy
I ain't waving da ting its low-key
Bam bang cause I got my pokey
You don't ride for da gang its phoney
I don't make for the feds like Dopey

This one never came with powers
Go ride for your friend you coward
23 I got twins like towers
Radox 'cause a man got showered
Post up in the Walth' for hours
In the shoobs headback get floured
These shots to your mouth ain't sours

These shots to your mouth ain't sours
With the tings in the ride and forward

Don't come to the block like Jenny
Lil bro put the "K" in Kenny

Now the pain to your chest is heavy
They made bossman run out of Henny
Don't lie to the fans just tell them
MizMac just whacked in Chelmsford
Young Sav still locked in Feltham
Now you get a big bang like Sheldon
Tryna lick man down from far
I had one eye closed like Garth's
Bae ran me a petrol bath
I put all in my trust in arms
That ain't weed in your mouth its [?]
I heard shh got whacked in Junmah
How you mean say you don't get mulla
You get dropped in the T like sugar

This one never came with powers
Go ride for your friend you coward
23 I got twins like towers
Radox 'cause a man got showered
Post up in the Walth' for hours
In the shoobs headback get floured
