

## Same Old Ways

Ama Lou

Screech like tire for me  
Ignore while I contemplate  
No desires  
To turn out second place  
Please, I'm blessed but hazy  
It's deep, so mind out what you say  
Na-na, na-na, na-na

You're never gon' believe what I done  
If you wan' know, pull up on me  
It seems a little peak to threaten  
But we don't mind some enemies

Why you second guessing?  
You know it's not my thing to keep it messy, yeah  
Why you make it complex, hey?  
You know you can't hear me when you be stressin', yeah

When I said do it, yeah, I meant today  
Watch me touch roads on my same old ways  
You'll get that WhatsApp by the end of day  
Blacked-out bally and a new North Face  
When I said do it, yeah, I meant today  
Watch me touch roads on my same old ways  
You'll get that WhatsApp by the end of day  
Blacked-out bally and a brand new Range

This ain't at all news too me  
Oh no, my bad, why don't you come sit down?  
All this is so common, cutie  
Naivety's more endearing than you know, sweets  
But it makes you sleepy  
Turns them thoughts to dreaming  
I keep you 'cause I'm greedy  
You complete me

I take  
More, more, and more, and more, and more time to decide  
To dress down or take you 'round, invade the town  
I'm saved by what, bell me den  
You know I'm never gonna say just to say  
You know I'm never going to pay to play  
One save, one save  
One save and it's all over for ya

You're never gone believe what I done  
If you wan' know, pull up on me  
It seems a little peak to threaten  
But we don't mind some enemies

Hold it down  
100 bands laid pon the ground  
You chatting breeze  
Pay me now  
We still won't consider  
Giving you a peek in

When I said do it, yeah, I meant today  
Watch me touch roads on my same old ways  
You'll get that WhatsApp by the end of day  
Blacked-out bally and new North Face  
When I said do it, yeah, I meant today  
Watch me touch roads on my same old ways  
You'll get that WhatsApp by the end of day
