

This Town

Ama Lou

Cause you were the best thing
And I was the best thing in that whole town
But I was a mess then
And you were still testing
Cause you were the best thing
And I was the best thing in that whole town
But you were the mess then
And I was still testing

Whenever you leave
And still have a don't
And I still breath
When I'm alone
Whatever you need
As long as I know
It's when you just leave
And I can't go

Cause you were the best thing
And I was the best thing in that whole town
But I was a mess then
And you were still testing
Cause you were the best thing
And I was the best thing in that whole town
But you were the mess then
And I was still testing

Stay still crawling around
Stay still mentioning it out (and I)
And I won't say I'm proud
Stay still, stay still, stay still

Whenever you leave
And still have a don't
And I still breathe
When I'm alone
Whatever you need
As long as I know
It's when you just leave
And I can't go

Cause you were the best thing
And I was the best thing in that whole town
But I was a mess then
And you were still testing (you were still testing)
Cause you were the best thing
And I was the best thing in that whole town
But you were the mess then
And I was still testing, no no no no no no

Well I hiccuped like I finished
Doesn't matter if I get my way and
I fight winning if I'm in it
Change my mind if I'm feeling strange and
I'll make the time if you say it will take me back
Could've made it right
When I said it but you stood there smacked

I hope you ain't heard about my ways
And that you were the one that kept me safe
Cause I had you and I knew it
And that was before I blew it
And I hope you were saying
Hope is alive
Tried to be first
But no one survived
Aye yay okay, I'll stop, I'll stop

Whenever you leave
And still have a don't
And I still breathe
When I'm alone
Whatever you need
As long as I know
It's when you just leave (yeah)
And I can't go

Cause you were the best thing
And I was the best thing in that whole town
But I was a mess then
And you were still testing
Cause you were the best thing
And I was the best thing in that whole town
But you were the mess then
And I was still testing, no no no no no no...

We were still testing each other
We were still testing each other
